PROFESSIONAL SUMMARY

Public health educator and program coordinator with over eight years of experience bridging regulatory compliance, accessible health communication, and cross-functional program operations. Proven track record translating complex statutory and clinical requirements (Title VII, Title IX, ADA/WCAG) into plain-language training curricula, pairing workforce and program evaluation with SQL, Tableau, and advanced Excel analytics, and building privacy-first operational tools.

TECHNICAL & DOMAIN EXPERTISE

Compliance, Policy & Accessible Communications: Title VII & Title IX Compliance, ADA & Digital Accessibility, Plain-Language Health Literacy, Regulatory & Policy Analysis, Grant Compliance & Reporting, CHES Certification

Analytics & Data Reporting: SQL, Tableau Dashboards, Microsoft Excel & VBA Macros (VLOOKUP, INDEX/MATCH, Pivot Modeling), Medicaid Utilization Tracking, R, Atlas.ti, PDI Analytics

Program Operations & Systems: Cross-Functional Project Coordination, Coalition & Stakeholder Alignment, Teammate Onboarding & Training, Percipio LMS, Apricot CRM, Sitefinity CMS, Google Workspace, Microsoft 365

Applied Technical & Local AI Work Samples: Ollama & Local LLMs (Resume Tailor), Android Enterprise LockTask / Kiosk Mode, Python (Hermes Profile Sync), Git & GitHub, Tailwind CSS

PROFESSIONAL EXPERIENCE

Prevention, Education, and Outreach (PEO) Coordinator

University of Colorado | September 2024 - Present | Full-Time (40 hr/week) | Denver, CO

- Serve as a technical and regulatory resource for campus leadership and medical providers, translating complex statutory mandates (Title VII, Title IX, ADA) into plain-language educational curricula and accessible digital resources.
- Utilize SQL queries and Tableau dashboards to analyze quantitative employee records and produce recurring Title VII compliance reports for institutional leadership.
- Design and deliver virtual and hybrid compliance seminars for faculty, students, and teammates across an R1 academic and clinical community of over 22,000 members.
- Conduct structured teammate onboarding and civil-rights compliance trainings for cohorts of 150+ attendees.
- Coordinate statewide conferences and cross-functional working groups to align best practices and evidence-based strategies on Title IX compliance.

Political Outreach Consultant

Valley Forward | July 2024 - September 2024 | Part-Time (24 hr/week)

- Informed and engaged community members on local policy issues; conducted structured perception surveys and field intake.
- Planned field operations and canvassing routes for outreach efficiency leveraging PDI data analytics.
- Collaborated with campaign leadership to track milestones and implement targeted community engagement strategies.

Senior Program Coordinator

Youth Leadership Institute | October 2023 - May 2024 | Full-Time (40 hr/week)

- Acted as Project Director for the California Department of Public Health funded program "Mobilizing Youth to Nix Tobacco" (MYNT), managing end-to-end grant compliance, evaluation deliverables, and statutory reporting.
- Authored policy position papers, executive talking points, presentations, and regulatory consultation responses for statewide public health prevention engagement.
- Supported the $750,000 Sierra San Joaquin Jobs (S2J2) initiative through cross-sector coalition building with regional stakeholders.
- Partnered across development, communications, and executive lanes to advance public health policy initiatives in Fresno County and the Central Valley.

- Co-facilitated three youth participatory action research electives, engaging 60-70 students per class in research methodology and leadership development.
- Supervised Senior Program Coordinators deploying multi-county health education initiatives across Fresno and Madera Counties.

Community Health Worker

Centro La Familia Advocacy Services | March 2023 - October 2023 | Full-Time (36.5 hr/week)

- Supported an active client roster of 15-25 individuals, navigating public health benefits, substance use prevention, and housing resources with accessible, plain-language guidance.
- Maintained monthly reporting pipelines including structured case summaries and individualized care plans, tracking progress metrics to inform local resource allocation.

Health Education Specialist

Merced County Department of Public Health | January 2022 - February 2023 | Full-Time (40 hr/week)

- Built custom Microsoft Excel visualizations and audit tables using advanced formulas (VLOOKUP, INDEX/MATCH) to track and reconcile open-source Medicaid funding utilization in Merced County.
- Coordinated public health education initiatives for the Local Oral Health Program (LOHP), sustaining operational coalitions between county health leadership and advisory committees.
- Recruited 10-15 key community stakeholders per presentation cycle to drive program adoption and health literacy outreach.

Communicable Disease Investigator

Fresno County Department of Public Health | October 2020 - December 2021 | Full-Time (40 hr/week)

- Conducted rapid epidemiological screening interviews and case investigations to trace infection sources across a liaison caseload of 25-60 school districts.
- Translated evolving state and federal clinical isolation and quarantine guidance into actionable protocols for school administrators, faculty, and health professionals during emergency COVID-19 response.

Program Coordinator

Fresno Barrios Unidos | August 2017 - October 2020 | Full-Time (40 hr/week)

- Administered Apricot CRM system to audit funding streams, foundation deliverables, and longitudinal client service delivery.
- Served as community liaison with City of Fresno councilmembers and municipal staff to advocate for $500k+ in capital funding for public wireless networks and bus rapid transit.
- Coordinated youth development and violence prevention cohorts (Men with Heart & Joven Noble), enrolling over 20 youth per cycle.

APPLIED WORK SAMPLES & PROJECTS

- **Title VII Compliance Analytics & Reporting (University of Colorado):** Workforce compliance and evaluation initiative extracting quantitative teammate records via SQL to audit training adherence and deliver interactive Tableau dashboards for institutional leadership.
- **Resume Tailor (Local AI Document Rewriter):** Privacy-first desktop application using a local Ollama LLM instance to align structured documents against target competency requirements with zero external cloud data leakage.
- **Android Kiosk Lock Task App:** Dedicated Android enterprise lock-task application for tamper-resistant community health intake kiosks, clinical screening tablets, and accessible survey stations.
- **Hermes Agent Profile Sync:** Cross-environment configuration synchronization utility ensuring deterministic, auditable environment states and reproducible standard operating procedures (SOPs).

EDUCATION & CREDENTIALS

Master of Public Health (MPH) — Health Promotion & Health Education | California State University San Marcos

Bachelor of Science (BS) — Health Science (Community Health Option) | California State University Fresno

Certified Health Education Specialist (CHES) | National Commission for Health Education Credentialing (NCHEC)
